Dear Girls Inc. Summer Camp Families,

Last week, on April 29, we received the updated Alameda County Public Health orders. Based on these new orders, summer camps and childcare organizations are allowed to reopen if they follow multiple safety guidelines. **Our staff is currently working to determine if we have the ability to put in place all the necessary safety measures to ensure a healthy environment along with an enjoyable summer camp experience.**

Thank you for your patience while we work on these details. We will update you as soon as we make a decision.
