inc.**

**of the Island City**

**EUREKA**

**STEM AND TEEN ACHIEVEMENT PROGRAM!**

Eureka! Is a national, five-year program created by Girls Inc. to encourage teens to explore career paths in STEM fields (science, technology, engineering, math).

It consists of four weeks of intensive programming during the summer and additional sessions throughout the school year (years 1-5).

**Eureka! is open for female identifying and non-binary teens entering 8th or 9th grade during the Fall 2022 School Year!**

Designed to meet the intellectual, social, physical, and emotional needs of teens, programming combines STEM subjects with sports and personal & professional developmental activities. It also provides adult mentorships and job shadow experiences !

**By joining Eureka! you will:**

- \* Participate in STEM activities
- \* Gain work experience and earn a stipend through summer job shadows (years 3-5)
- \* Try your hand at team sports and self-defense
- \* Participate in weekly swim lessons during the summer
- \* Go on exciting field trips, including college tours
- \* Gain knowledge about scholarships , STEM careers, and other amazing career paths.
- \* Create many fun memories while building new and long-lasting friendships!
